## **REGULATIONS GOVERNING STREET, ALLEY & SIDEWALK OPENINGS**

(A) No opening in the streets, alleys or sidewalks shall be permitted for any purpose when the ground is frozen, except where necessary as determined by the Village Public Works Department.

(B) In opening any street or other public way, all paving or ballasting materials shall be removed with the least possible loss of or injury to surfacing materials and, together with the excavated material from trenches, shall be placed so as to cause the least practicable inconvenience to the public and permit free flow of water along gutters.

(C) Every person shall enclose with sufficient barriers each opening which he shall make in the streets or other public ways of the Village. All machinery and equipment shall be locked or otherwise effectively safeguarded from unauthorized use when not being used by the permittee, his agents or employees. Lights shall be installed according to the Wisconsin Department of Transportation Manual on Uniform Traffic Control Devices (latest edition), kept burning from sunset to sunrise, lights to be placed at each end of the opening in the street or other public way and other lights sufficient in number and properly spaced to give adequate warning. Except by special permission from the Village Public Works Department, no trench shall be excavated more than 250 feet in advance of pipe laying nor left unfilled more than 500 feet where pipe has been laid. All necessary precautions shall be taken to guard the public effectively from accidents or damage to persons or property through the period of work. Each person making such openings shall be held liable for all damages, including costs incurred by the Village in defending any action brought against it for damages, as well as costs of any appeal, that may result from neglect by such person or his employees of any necessary precaution against injury or damage to persons, vehicles or property of any kind.

(D) In opening any street, alley or sidewalk, the paving materials, sand, gravel and earth or other materials moved or penetrated and all surface monuments or hubs must be removed and replaced as nearly as possible in their original condition or position and the same relation to the remainder as before. Any excavated material which in the opinion of the Village Public Works Department is not suitable for refilling shall be immediately removed, leaving the street or sidewalk in perfect repair, the same to be so maintained for a period of one year. In refilling the opening, the earth must be puddle or laid in layers not more than six inches in depth and each layer rammed, tamped or flushed to prevent after-settling. When the side of a trench will not stand perpendicularly, sheathing and braces must be used to prevent caving. No timber, bracing, lagging, sheathing or other lumber shall be left in any trench. The Village may elect to make the pavement repairs itself for any street or sidewalk opening, in which case the cost of making such repair and of maintaining for one year shall be charged to the person making the street opening.

**Village of Holmen Building Permit Addendum  
Owner's Testimonial Regarding New Construction and Easements**

Please read carefully

Addendum to Building Permit # \_\_\_\_\_

I hereby acknowledge and accept all responsibility for the construction of a new structure on my property, and agree that I (including my builder/contractor) will comply with all zoning and building regulations of the Village of Holmen, La Crosse County and the State of Wisconsin. I further acknowledge that should I (including my builder/contractor) fail to comply with any zoning and building regulations that I shall be subject to fines, forfeitures and penalties, and shall be immediately responsible to rectify any such violation to the specifications of the Village.

Initials: \_\_\_\_\_

I hereby acknowledge that I have properly indicated all recorded easements (ie: electric, telecommunication, sewer, water, storm sewer, gas, etc.) on my permit application and that no encroachment on any such easement will occur due to the construction and building activities for which I am seeking a building permit. I further acknowledge that should my activities (including the activities of my builder/contractor) violate any easement restrictions on my property, that I hereby hold the Village of Holmen harmless, and I shall be immediately responsible to rectify any such violation, including the complete removal of the structure if so directed, and I shall immediately forfeit my building permit and all rights given to me therefor, until such time the violation to the easement is made whole.

Initials: \_\_\_\_\_

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

(Owner/Rep)

Witnessed: \_\_\_\_\_ Date: \_\_\_\_\_

(Village/Rep)

---
