President Proctor called the Holmen Village Board meeting to order at 7:00 pm on January 12, 2017, at the Holmen Village Hall.

Board members present: Nancy Proctor, Steve Johnston, Dawn Kulcinski, Rich Anderson, Chuck Olson, Bill Ebner and Doug Jorstad. Also present were Administrator Heinig, Public Works Director Olson, Park & Recreation Director Brogan, Police Chief Collins, Clerk/Treasurer Hornberg, Attorney Brian Weber, Jeremy Cook, Stacie Lowman, Patrick Barlow, Paul Borsheim and Pat McKnight.

**Public Comment**

Paul Borsheim, Borton Construction, requested the Board reconsider selling him a fifteen foot section of right-of-way for his Main Street building project. The addition to his property would allow for his office building to be built closer to the front of the street, save on fill costs, as well as significantly reduce the number of trees that would need to be removed and keep in place current drainage ditch areas near the back of the property.

Stacie Lowman, Lowman Family Dental, will be a new tenant in Mr. Borsheim’s office building project. She also asked that the Board consider approving the additional right-of-way for the reasons Mr. Borsheim indicated; saving on costs for the tenants as well as keeping as much of the nature in place to provide a more pleasant viewing area from procedure rooms. She remarked that she is a strong supporter of the Holmen community in which she lives, works and plans to remain, and asked that the Board consider this support for local business growth needs.

**Minutes**

Steve Johnston/Doug Jorstad motioned to approve the minutes of the December 8, 2016, Board meeting as presented. The motion carried unanimously.

**Planning Commission**

Administrator Heinig briefly reviewed the furniture and color schemes that were chosen for the Library; with the adult, teen and children areas having slight variations, yet blending overall. Trustee Olson stated that the furniture chosen was of a good variety, and all choices complimented each other; he feels the furniture will have good, long use in the building. Trustee Johnston also commented that he was pleased with the choices and remarked that they would be very functional and inviting, and the site will be a great investment in our community. The motion carried unanimously.

Chuck Olson/Doug Jorstad motioned to approve the reservation of Halfway Creek Park for a festival on June 2-3 by the Holmen Community Center. The motion carried unanimously.

Trustee Kulcinski reported that ridership decreased by 492 (from 1424 to 932 from November 2015 to November 2016).

Municipal Court Update
No meeting was held.

Fire Board Report
Trustee Ebner commented that no meeting had been held since November. Trustee Olson handed out and reviewed 2016 financials as well as 2017 budget information for the Department. He also reviewed changes that he would like made to the verbiage in Chapter 10, Fire Protection & Emergency Medical Facilities, for more accurate reporting of existing deficiencies as well as future needs. Olson remarked that changes would not affect the Impact Fee Structure that was previously approved but he feels some language needs to be revised in order to be a better tool for future use.

County Supervisor’s Report
County Supervisor Barlow mentioned the landfill/solid waste contract between Xcel Energy and the County is currently being reviewed for potential extension. He remarked on proposed development near the landfill and ways to use land sale proceeds for the rehabilitation of homes in the La Crosse area. Barlow commented that the County is looking for some unique ways to secure additional funds for road repairs. One of the proposals being considered is a premier resort tax; this idea may be brought before the public on the Spring ballot as a referendum question. Trustee Olson cautioned on having too much flexibility with spending of resort tax funds, and that they could easily be moved to cover other expenses; he feels if the County needs road funds then they should raise those funds in a way that would restrict spending to only road needs.
