Trustee Johnston recused himself to the audience for the marketing discussion. Administrator Heinig identified the need for a marketing strategy for TIF 2 as well as Holmen. He stated that recently many strides have been made to promote TIF 2, such as obtaining gold shovel certification, installing utilities to the area and entering an agreement for an option to purchase land in TIF 2. Heinig feels the message has been shared with local communities but there is a need for a strategy to bring Holmen’s vision to outside communities; a marketing video would highlight all that Holmen has to offer. Trustee Olson remarked that this marketing video is a great idea and would go far to market Holmen in general; but he feels it is very important that we go further in our quest to promote TIF 2. Olson commented that he is frustrated in regards to TIF 2 and feels we have not done a good job getting the message out about the availability of land in that area. He feels we need to prepare a proposal for street designs and potential sites; rather than only providing an aerial of available land. Olson encouraged the Board and staff to think of some creative ways to promote the TIF 2 area and promote progress in the area. Dawn Kulcinski/Chuck Olson motioned to approve proposal for marketing investments with News 8 WKBT-TV in an amount not to exceed $4,500.00. The motion carried with Proctor, Olson, Anderson, Jorstad, Kulcinski, Ebner in favor; Johnston abstained.

**Shared Ride Committee**
Trustee Kulcinski reported that ridership decreased by 252 (from 1289 to 1037 from December 2015 to December 2016). The Board discussed the declining use of the program which Kulcinski attributed in part to an aging user base, as well as the local clinics no longer offering vouchers for Shared Ride service use. Director Brogan suggested placing information in the Park & Recreation brochures to promote a new user group to the program. Kulcinski also suggested placing the Shared Ride information on the Village Facebook or web page.
