Neal Forde/Ryan Olson motioned to approve Resolution #2-2013 – Resolution Providing for Binding Referendum on Fluoridation of Village of Holmen Water Supply. Trustee Ebner commented that he felt the issue before them was not about fluoridation but rather about government waste. He felt that the residents had already made the decision as well as spent the money for a system that has only now been in use since summer of 2013. He commented on his frustration at the idea that the issue could continually go to a binding referendum question only to be overturned by future change in the Board. He also commented that the original question was asked during a presidential election rather than a spring race which would not take a poll of the same group of residents. Forde agreed with Ebner regarding the waste issue of the purchased equipment but felt if the question went to the voters and passed once again, the Village could put the issue to rest. Trustee Kulcinski commented on the feedback she has received which would indicate a desire to vote on the issue again; she felt it would not hurt anything to take a vote in order to feel confident in the decision to fluoridate. Trustee Olson stated his agreement also with Trustee Ebner’s feeling of equipment waste but felt he needed to keep the word he made to a previous Board to support this resolution. Trustees Jorstad and Anderson both agreed that the public had already decided and they felt the binding referendum needed to be honored. The motion failed with Kulcinski, Olson, and Forde in favor Ebner, Proctor, Anderson and Jorstad opposed.

Neal Forde/Ryan Olson motioned to approve Resolution #25-2013 – A Resolution Affirming the Continued Fluoridation of the Village of Holmen water supply.
