Hornberg stated that license renewals will be mailed at the end of this week.

Administrator’s Report  Heinig updated the Committee on the many development projects progressing to development stage in the Village. He mentioned that Brett Koball began his Park & Recreation position on April 1st and an offer for the Police Officer position has been accepted by Joe Inglett to begin in August. Heinig reported that the roundabout plans are proceeding well, and that the County will be
closing Hwy SN for approximately three months starting on April 15th. Heinig commented on the significant flooding that occurred in the area in early March. He stated that an equivalent of three feet of snow melted in one day while the ground remained frozen; this caused areas that have never flooded in recent history to back up over roads and fill homes with water. The 1600 block of Holley St. was particularly affected as it is the lowest point in that area of the Village and received floodwaters from the bluffs and neighboring homes causing devastating flooding to several homes. Overnight on April 15th, the ground thawed and immediately the majority of flooded areas were drained as the water was able to infiltrate the ground. Heinig complimented the staff members of Parks, Streets, Utilities, Police and Administration; all worked 20-30 hour days to help the community that week. He also commented on his appreciation for office staff who handled endless phone calls during the flooding. Heinig remarked that the bids for the Schaller Blvd and Hwy. 35 intersections have been reviewed and the bid that will be brought forward for approval this week is under budget.

Adjourn  Dawn Kulcinski/Rich Anderson motioned to adjourn. The motion carried unanimously. The meeting adjourned at 5:51 pm.
