**Other Items before the Board**

Chief McHugh commented on clean up warnings that were recently issued in the Village including the Wier’s property on N. Main Street.

Park & Recreation Director announced that the new Village website was up and running and it was viewed at the meeting by the Board.

Dawn Kulcinski/Tony Horvath motioned to reconsider amending §195.42 A. (3)(c) to read a *minimum of 2 seconds*. The motion passed with Horvath, Moser, Kulcinski and Dunham in favor, Forde, Proctor and Olson opposed. The item will be directed to the Planning Commission for possible reconsideration.

Trustee Dunham asked Administrator Heinig to consider looking at purchasing compressed natural gas vehicles for the 2014 budget and beyond.

Trustee Olson asked Attorney Peterson and Administrator Heinig to update the Board on the closed session items from September regarding the potential property acquisitions discussed at that meeting. Administrator Heinig informed the Board that one of the properties that had been discussed and the Board had shown interest in pursuing was not in the same situation as originally thought. Attorney Peterson updated the Board on the situation that occurred regarding a property that the Village had decided not to immediately pursue; the opportunity arose for a purchase within originally discussed parameters to obtain the property but the opportunity was one of immediate nature. The Trustees agreed that the Administrator and Attorney acted in the best interest of the Village regarding the purchase of the property but Trustee Horvath made comment he was uncomfortable with the decision being made without consent from the Village President and/or the Chair of the Finance and Personnel Committee. The actual purchase of the property cannot take place until a thirty-day waiting period has elapsed, at that time the purchase will be placed on the agenda for Board approval.

Clerk/Treasurer Hornberg reminded everyone to vote on November 6th.

Administrator Heinig commented on a water main leak that had occurred and was the reason Public Works Director Olson was not in attendance at the meeting. He also mentioned that the opening for the public works laborer position had been posted and the contractor for the W. Legion demolition will need to delay the project for a week. He also reminded the Board of the rescheduled committee and Board meeting dates in November.

**Closed Session**
